SONOMA HOOVER CLUB GETTING MANY MEMBERS

Encouraging Reports From All Sections of Valley For Republican Nominee.

A petition widely signed by Hoover enthusiasts shows the sentiment of Sonoma Valley and the Republican backing manifest here for the League of Nations.

Men and women have both readily affixed their names to the roster of the Hoover Club.

A grand rally is being arranged for Monday night and a noted speaker from San Francisco will tell Sonoma Valley voters the exact issues at stake in this primary battle and what Herbert Hoover's attitude is upon vital questions of the day.

FAREWELL TEA FOR COLEMAN

Mr. and Mrs. W. K. Coleman who sail for their old home in England May 15th were given an informal farewell tea last week by their daughter, Mrs. Cameron. The gracious hostess and her mother dispensed their usual cordial hospitality and many old friends enjoyed the afternoon with the respected couple who are returning to their native land after an absence of several years. They will be met at Liverpool by their son, a prominent physician of the British Isles who will take them to his summer home for a visit prior to their settling down on their attractive old home stead.

Mr. and Mrs. Coleman leave many warm friends in Sonoma who will wish them a safe journey and much happiness across the sea.

YOUNG COUPLE GET LICENSE TO WED

A marriage license was issued in Santa Rosa this week to Miss Agnes Keiser and Elmer Harris. The young lady is the eldest daughter of Conrad Keiser, prominent farmer. This is the second recent wedding in the family, Mr. Keiser himself having a few weeks ago married a Napa lady.

POULTRYMAN SUFFERED DISASTROUS FIRE

Mr. Pavlos, Owner of former Sy-crowsky Place Loses Incubator and Brooder Houses With Chicks.

Mr. Pavlos, who purchased the Sy-crowsky place near town about a year ago and who had conducted an extensive poultry plant there suffered a disastrous fire Wednesday night when an incubator house containing 2500 eggs about to hatch, and a brooder house filled with chicks and young pullets went up in flames.

The fire seemed to originate near a switch board and electrical trouble is thought to have been the cause of the conflagration. Only 12 out of 500 young pullets were saved and 200 baby chicks. The house and barn had a narrow escape from destruction. The Sonoma volunteer fire department responded to the alarm at 11 p. m. but thinking the blaze out of the hydrant zone turned back at the High School. Neighbors and passersby however battled the flames and saved adjacent buildings.

Mr. Pavlos estimates his loss at several thousands of dollars with but small insurance.

BIRTHDAY PARTY

Little Yvonne Wernett celebrated her 6th birthday Tuesday April 20 at her home in Schellville. The little lady was showered with goodies and good wishes. Those present were: Mrs. Boulder and two little daughters, Mrs. Harold Pauli, Mrs. E. Steiger, Mrs. Howard Knight, Mrs. Louie Wernett, Evelyn Steiger, Helen Claire and Della Mae Pauli, Barbara, Alice and Frances Knight, Yvonne Wernett, Harvey and Willie Potter.

R. B. Houston of the S. P. and A. V. Stevenson of the Union Pacific freight and traffic department were down this way on business Thursday. Mr. Houston says the story of Schellville's elimination as a freight transfer point is not official but is known as round house gossip.

THREE-CORNERED CONTEST IN BOYNTON ESTATE

Relatives of Deceased Boyes Springs Resident Arrive From East and Seek to Invalidate Will.

Harriet Ames of San Francisco named as beneficiary in an olographic will made by the late Fred Boynton probate court of Sonoma County where she seeks to be named administratrix of the will of the man who cut off his relatives in the East with \$1 each and made her his sole beneficiary.

Contesting her right to the \$15,000 estate are Harry E. Boynton of Portsmouth, New Hampshire, Mrs. Blanch Bertha of Monroe, Michigan, and Mrs. Bertha Hainer of Philadelphia of Pennsylvania, brother and sisters of the deceased lumber man. They arrived in Sonoma Valley on Friday of last week to investigate the affairs of Mr. Boynton and to lay claim to his property as heirs at law. Harry E. Boynton is treasurer of the Portsmouth Savings Bank in New Hampshire and bears a striking resemblance to his deceased brother. He has retained Kellogg and Kyle of Santa Rosa to represent the relatives when the hearing on letters testamentary comes up in court.

Monday last Chas. C. Riedy of San Francisco who was a brother-in-law of Boynton and whose children were jointly interested in property which Boynton inherited from his wife applied for letters of administration. Riedy's late wife and Boynton's deceased wife were sisters and at the death of Mrs. Riedy, her four children and Boynton had an undivided interest in a ranch near Boyes Springs. Riedy states that since the olographic will left by Boynton is not valid he wants to administer the estate in the interest of his sons and daughter.

Public Administrator Frank Phillips has already been issued special letters by the Court to transact business for the estate pending the appointment of a regular administrator. He was in town last week investigating Boynton's safe deposit box to ascertain if any other will other than that offered by Miss Ames for probate was in existence.

The will filed by Mrs. Ames was not witnessed and is not written entirely in Boynton's hand writing, a business letter head having been used upon which to write the document. Mrs. Ames claims to have been engaged to Mr. Boynton and was with him here at the time of the relapse from pneumonia which caused his death. The will was dated some months prior to his last illness.

Boynton had been married twice, his second wife, Mrs. Shirley, a rich widow, leaving him much of the property now the basis of the contests looming in the Sonoma County Courts.

Mrs. Mary Shaw and Miss Pemberton went to San Francisco Sunday with Colonel Herbert Shaw commander of the Presidio and will visit at the army post sometime. The Colonel's wife has been dangerously ill in a San Francisco hospital following a critical operation.

MRS. EMMA FETTERS' SENTENCE COMMUTED

President Wilson Shows Clemency To Prominent Resort Proprietor of Sonoma Valley.

After reviewing all angles of the case and hearing the plea for clemency made on behalf of Mrs. Emma Feters of this valley by prominent citizens and politicians, President Wilson this week commuted her sentence from nine months to 30 days.

Her state of health due to chronic diabetes and the fact that her crime was thought to be the result of an entrapment led many prominent people to interest themselves in her case.

After her attorneys to whom she paid thousands of dollars in fees had failed to get the Supreme Court to review the case, the Attorney General was appealed to and laid the facts of this war time prohibition "crime" before President Wilson. He immediately signed the order freeing Mrs. Feters from the long jail sentence.

Enemies of the resort proprietor who followed up her persecution even to the office of the U. S. District Attorney where they clamored for her punishment were disappointed at the outcome of their efforts.

The general public believing that Mrs. Feters had already suffered enough were pleased with the news from Washington. She is owner of one of the finest hotel properties and hot springs in the Valley of the Moon.

BLESSING CONFERRED UPON THE COURT

Blessing Ross whose marriage to Thos. Richards ex-soldier and son of Mrs. Theo. Richards of Agua Caliente was annulled some months ago has been brought back to Sonoma County to face a bigamy charge. Constable Murray unseathed an old warrant issued months ago at the request of Mrs. Richards before the annulment of the marriage of her son.

She then alleged Blessing had not secured her final decree of divorce when she sought to become the bonafide wife of Richards. After the marriage had been set aside, Mrs. Richards claims she disavowed the warrant but Constable Murray nevertheless caused Blessing Ross's arrest. Judge Small does not know what he will do with the latest Blessing conferred upon his court. The District Attorney will seek to adjudicate the matter.

WINE TRANSPORTER FINED \$75

Proving his contention that he was bringing a barrel of wine from Sonoma County to Vallejo for his own use when his machine broke down at Vineburg and he was caught red handed by Constable Murray, H. Uhrig was fined \$75 by Judge Van Fleet at Sacramento this week.

Murray witnessed the destruction of the wine which was dumped into Sonoma creek by the federal authorities so it is reported.

Mrs. Alma Koehoom has returned from an extended trip to South California.

HOW OUR STATE HIGHWAY CAN BE ASSURED

Let Sonoma County Take Highway Bonds and Speed Schellville-Santa Rosa Construction.

Governor Stephens has suggested because of the impossibility of disposing of much of the \$40,000,000 bond issue for highways in California that the counties directly interested in the completion of any particular piece of road for which bonds were voted should subscribe for such quantity of bonds at the present rate of 4 1-2 per cent as will assure them of construction and completion of their state roadwork.

Sonoma County was to get the \$400,000 highway from Schellville to Santa Rosa out of the state bond issue but as \$28,000,000 worth of bonds remain unsold, it looks like a long wait for this section unless Sonoma County will buy enough bonds to provide money for the work. The proposed highway is a main artery of travel and is in a deplorable condition pending state construction. So far nothing has been done except a little surveying between Melita and Kenwood preceding with snail like pace.

Governor Stephens favors an initiative raising the rate of interest on state highway bonds which would bring 5 1-2 per cent.

The Sacramento Union of Wednesday says in regard to state highway construction:

"In order that the work may not be further delayed, it is now proposed by the highway commission to offer to the respective counties of the state of California the present bonds bearing 4 1/2 per cent interest with the understanding that the money subscribed in this fashion is to be expended by the highway commission on those portions of the agreed highway system lying within the boundaries of the subscribing counties. This will enable those counties with available funds to have such portions of the highway work done as their needs may require and the highway commission approve. It is necessary, however, to have these county subscriptions in on or before June 1, 1920, in order that the definite subscribed portion of the \$40,000,000 issue may be known in ample time for the preparation of the necessary initiative petition."

Sonoma County has been investing in 4 1-2 per cent U. S. certificates and it is pointed out that the purchase of a portion of the state highway issue by this county would be a feasible proposition and we could absorb any discount without noticing it. If the market tone improves before the bonds are sold we would stand to lose but little on the investment.

The assurance of the immediate building of Schellville-Santa Rosa highway through the purchase of these bonds would stimulate business in Sonoma County to a degree which would more than compensate us and offset any depreciation. It is to be hoped that the Supervisors will give this plan their earnest consideration. Otherwise the Highway Commission will continue to blame the bond market depression for their inability to make available to Sonoma County its portion of the highway money.

President F. M. Burris of the Sonoma Valley Bank when interviewed on the plan heartily endorsed it and says Sonoma County should get busy on it at once. Burris' institution invested in several thousand dollars worth of state highway bonds some months ago.

Santa Rosa should unite with Sonoma Valley in this constructive plan which ensures an immediate an unprecedented era of development for Sonoma County.

MORE QUAIN COSTUMES AT HOSPITABLE RAG BEE

Mrs. Mary Carter's second afternoon (Tuesday) with its sewing bee and old fashioned costumes duplicated the splendid time of last week. Another group of friends enjoyed the lavish hospitality at the Hall ranch, and partook of an elaborate luncheon at 12:30 with dainty refreshments again served at the leave taking hour.

The quaint costumes of Mrs. Greely, Mrs. Ralph Hotz, Miss Meta Stofen, and Mrs. C. G. Murphy were much admired and the prize drawn for by the ladies went to Mrs. Ralph Hotz. A number of pictures were taken on the veranda of the guests and those in antique costumes and will be treasured as souvenirs.

Music, fortune telling and social chatter were interspersed with the work of sewing and winding up the colored strips to be woven into rag rugs. Mrs. Carter's rag bees were voted delightful social affairs.

WHISKEY-SELLING DUO VICTIMIZE SONOMA MAN

Johnnie Bianchini Pays \$525 For Barrel of "Liquor" Which Proved to be Water.

Johnnie Bianchini saw what he thought was a good chance to pick up a 25 gallon barrel of fine old whisky Wednesday night when two Italian motorists drove up with a keg and made him an offer of it for \$525.

Johnnie sampled the liquor out at the machine where the strangers siphoned off some for him in the darkness and closed the deal for the hard stuff. When they drove away he found that the barrel contained nothing but water. The tube for sampling had evidently been connected up with a bottle instead of the fake liquor.

Deputy Sheriff Joe Ryan was at once put on the trail of the bunco men. At San Rafael he arrested Joe Stropini and Joe Loverera with the \$525 still unsent. They were taken to Santa Rosa and charged with obtaining money under false pretenses. The Sonoma man says the whisky sample the fellows gave him had a good kick but was nothing to the kick he had coming later.

POPULAR STATION AGENT SURPRISED ON BIRTHDAY

Grover Rubke, popular Vineburg station agent was the recipient of a jolly surprise party in honor of his birthday. Wednesday evening, forty-two lodge brothers and their ladies invaded the hospitable Rubke home and to say that Grover was surprised does not half express it. However his gracious wife who was in on the secret soon placed the house at the disposal of the merry makers and a fine party was soon in progress. There was music, games and feasting. Songs by Miss Henrietta Weber who came up from San Francisco for the event were greatly enjoyed and also selections by Mrs. Hamil Wagon.

In addition to the fine eats brought by the surprisers, Mrs. Rubke provided three gallons of delicious homemade ice cream for the company.

Many congratulations were showered upon Mr. Rubke as the guests departed for their homes at 1 a. m.

GOOD OPPORTUNITY FOR SONOMA INVESTORS

J. C. Purdy representing the Virden Packing Company, a California concern backed by California producers and capital was in Sonoma city the last week interesting leading residents in taking up some of the stock of the corporation allotted to Sonoma County. The stock is being placed throughout the various counties of California, a limited amount being allotted to each.

The Virden Packing Company similar to Libby McNeil and Libbys concern owns and operates the million dollar Moran meat packing plant at South San Francisco besides canning fruit and vegetables at its big plant in Sacramento. It is a growing concern with a splendid future. Mr. Purdy is to return to Sonoma shortly.

SONOMA I. O. O. F. HONORS ANNIVERSARY OF ORDER

Tuesday Night Was Brilliant Date on Fraternal Calendar—Address by R. C. Bancroft.

Tuesday night the local lodge, of I. O. O. F. celebrated the one hundred and first anniversary of the Order and it was a memorable occasion in Sonoma's fraternal circles.

Odd Fellows hall was thronged with members of the Lodge together with Rebekahs and friends of both organizations. A splendid program had been prepared for the evening, the opening number of which was an eloquent tribute to the I. O. O. F. by Mr. R. C. Bancroft. The speaker reviewed the growth of the Order and spoke of the ideals and aims which Odd Fellowship embodies. He said no higher tribute to a young man's character could be expressed than that implied in an invitation to affiliate with the I. O. O. F.

Music for dancing and also orchestral numbers were furnished by Mrs. Pauli, piano, Messrs. Busby, Pauli, and Knolle, violins, and Geo. Angove, trombone. A vocal duet by Mrs. Bancroft and Miss Dorothy Bancroft, vocal solos by Mrs. Hamil Wagon and little sister, selection numbers by Mrs. Pliegel, violin solos by Frank Knolle and trombone solo by Geo. Angove greatly pleased all present. A recitation by little Miss Rubke was also enjoyed.

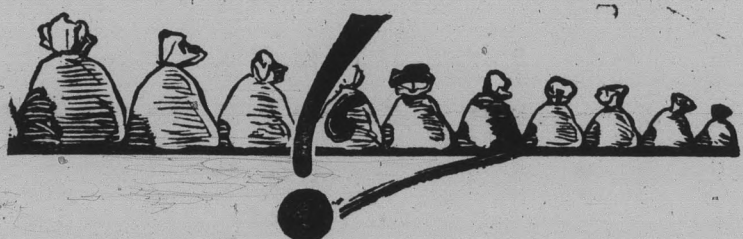

Dancing, cards and delicious refreshments were part of the evening's festivities and it was a late hour before the hospitable lodge members and their good assistants the Rebekah ladies terminated this long to be remembered affair.

The Odd Fellows Lodge of Sonoma is in a highly flourishing state and a membership drive planned for the near future bids fare to add more names to the fraternal scroll.

Ray Cooper heads the local lodge of I. O. O. F. and his sister, Miss Edna Cooper has the corresponding honorary position in Verdant Degree Rebekahs lodge.

How much should I give to make this a better world?

A CERTAIN man in New York filled out his income tax report.

It showed an income so large that his tax was 53%. And his total gifts to church and charity for the year were \$148.

Think of it—thousands spent for luxuries and pleasure for himself; and \$148 to leave the world a little better than he found it!

Most of us do better than that; but not so very much better.

Our average daily gift for all church causes is

- less than we spend for daily papers
- less than a local telephone call
- less than a third of the day's car fare
- less than 3 cents a day

No wonder that 80% of the ministers of America are paid less than \$20 a week. No wonder that the church hospitals turn away thousands of sick people a year. No wonder that China has only one doctor for every 400,000 people. No wonder that every church board and charity society is forever meeting deficits, forever passing the hat.

It isn't because we are selfish; it isn't because we don't want to help. It's just because no one has ever put up a great big program to us, and asked us to think of the work of the church in a systematic businesslike way.

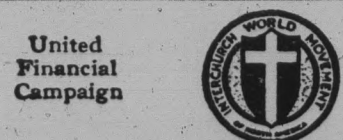

The Interchurch World Movement represents the united program of thirty denominations. They have surveyed their whole task, no business could have done it better.

They have budgeted their needs; no business could have a more scientific budget. They have united to prevent the possibility of waste and duplication. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

And they come to the men or women who love America—to you—this week asking you to use them as the channel through which a certain definite part of your income can be applied to make this a better world.

Only you can determine what part of your income that should be.

It's a good time right now to answer that question. We're passing through the world just once; how much better will the world be because you passed through?

SONOMA VALLEY SENTIMENT AGAINST COUNTY DIVISION

County division propaganda has made no impression on Sonoma Valley. When Petaluma first broached the subject of seceding from Sonoma County, this section first smiled and then frowned upon the idea as the seriousness of the secessionists became apparent. When Petaluma at a later date dropped Marin County from its calculations like a hot potato because Marin taxpayers were not interested in becoming part and parcel of the new county, it was obvious that the secessionists had designs on our own fair Sonoma Valley. Not a minute did this section lend an ear to the suggestion but from the out-set made it plain that Sonoma taxpayers were loyal to Sonoma County.

Petalumans dubbed our attitude one of the pure sentimentality but gave us credit for no more depth. They were convinced that after inundating us with literature and figures we would be converted. But the pirates missed their guess.

After following up their literature with a personal tour to the valley and the holding of a mass meeting which was a decided frost it should now be plain to them that Sonoma Valley is not to be decoyed into the scheme of county division. Sonoma Valley has spoken. Its voice is against breaking away from Sonoma County and allying itself with any new political division. Even the lower taxes molasses does not attract for Sonoma realizes that once in the new county, Petaluma with its one sided majority would have Sonoma Valley in the door on any proposition it cared to put to a vote. Sonoma Valley would be out voted at every turn. We could object to nothing. We could assist in carrying any debt our neighbors across the hills saw fit to impose. We could be at the mercy of the ambitious Egg Basket.

Petaluma has some great boosters and splendid citizens but we feel that there great talents and leisure could better be utilized in the up building of our magnificent and unrivaled Sonoma County rather than in intrigue and design for selfish aggrandizement and provincial ambition at a time when cooperation not disintegration is the magic arrangement whereby progress and prosperity are made to build Empires almost overnight.

GRAPE MAN PROVES JOHNSON BEHIND VOLSTEAD ACT

That Hiram Johnson who wants California's vote at the presidential primaries voted against California's wine interests is proven by the following article by Frank Sweet of the Grape Growers Protective Association:

In the interest of truth the public should have information concerning a matter of vital interest to Northern California. Certain printed statements are being circulated among the vineyardists who grow wine grapes, and is announced that a certain trade paper of wine-growing vineyardists is about to publish statements in regard to the attitude of the candidates who are before the people in the primary, on the wine interests of California.

It appears that the matter is perfectly simple. The law enacted by the present Congress, which has destroyed the wine industry of California and prevented light beers from being manufactured at all, is the Volstead Act, and it is this act that has provided for the swarm of enforcement operatives that are pursuing citizens even into their homes.

As I understand the record, when this law was enacted by the present Congress, President Wilson vetoed it on the ground that it was unduly oppressive and an unnecessary interference with American liberties. Congress then passed the Volstead act over President Wilson's veto.

The question is, not whether the Volstead act is right or whether the Volstead act is wrong, but, in the interest of political information, the jury voters should know the facts. The issue, therefore, is: Did, or did not, Senator Hiram Johnson vote for the passage of the Volstead Act over President Wilson's veto? The record shows that he did.

One of the knocks sent reverberating from the heels of the recallers is that District Attorney Hoyle did not heed the Grand Jury's demand that Frank Brush be prosecuted by Sonoma County rather than by the Federal authorities. No, District Attorney Hoyle did not "fall" for the effort of the influential friends of the banker and crook to get him prosecuted locally so he could be immediately paroled which was the game and would have been possible had Brush's case not gone to the Federal Court. District Attorney Hoyle was satisfied to let the Federal authorities handle the case knowing that Brush would get his just deserts and that local influence and social pull would cut no figure after sentence was imposed.

All these extraneous charges emanating from the recallers who started out to get Hoyle's scalp on highway allegations makes it clearer and clearer that they have not an honest reason in the world to ask that the District Attorney be deprived of his office. Hoyle stood firm and imposed restrictions upon the spend-quick road enthusiasts that is all. Praise the lord, there was some check in the expenditure of the thousands of dollars voted by hard working honest taxpayers to get better roads in Sonoma County. The state highway fiasco and the flitting away of millions is bad enough but right here at home care-less methods and prodigal expenditure invited a repetition of state laxity that was fraught with dire consequences but for the presence of District Attorney Hoyle.

NEWSPAPER FORCED TO CUT OUT FREE PUBLICITY

The Sonoma County Press Association held a session recently at the office of the Tribune, Headsturg, daily paper, and discussed matters of interest to the profession. Representatives of papers from various parts of the county were present.

Print paper having increased in price from three to twelve cents a pound, and also having become decidedly scarce, it was the opinion of the members present that all free publicity should be eliminated from the columns of the newspaper in order to conserve paper, to eliminate all mention of lodges, societies or meetings of various characters, effective May 1.

Also beginning on that date the newspapers will charge for church notices, and while this may seem a radical departure in those cities where the churches have always been invited to take as much of the news column space of the papers as they desired, it is in line with other cities, which long ago placed the churches on a commercial basis in their columns.

With the elimination of free publicity it is believed the papers can get along with less blank in publishing their editions, and that some may find it possible to cut down the number of pages and still give the news of the day. All the papers in the United States are facing this shortage.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. GEO. WEDEKIND TAKES POSSESSION OF HIS SONOMA VALLEY PURCHASE

Geo. Wedekind, former prominent business man of San Francisco who some weeks ago closed a deal with A. F. Hopke whereby he purchased the beautiful orchard and vineyard property along Sonoma creek south west of town has taken possession of the ranch and is now watching with interest the erection of a commodious bungalow which is being built for him on an attractive part of the ranch by Contractor R. E. Murphy.

Mr. and Mrs. Wedekind and family will be a great addition to the community as they are progressive well-to-do people who are already most enthusiastic over Sonoma Valley's future. They are old friends of Mr. and Mrs. Hopke and exacted a promise from them some years ago that if they ever contemplated parting with their property that they were to be given first chance to purchase it. When Mr. Hopke decided to retire and keep just the handsome residence and a small portion of land surrounding it, Mr. Wedekind immediately availed himself of the opportunity of buying the farm which is highly improved and most productive.

Mr. and Mrs. W. H. Barnes of Iowa have been here on a visit to the latter's brother, R. Q. Wickham of Eldridge. Miss Laura Wickham, U. C. student came up to see her aunt Kitty, during the visit of the Middle Westerners to the Valley of the Moon.

Mr. and Mrs. R. E. Murphy have started to build a new home on their attractive ranch, "Westfield."

DAVE SCHIECK'S ALLEGED ASSAULT TO BE GIVEN EXAMINATION

May 6th has been set as the date for the preliminary examination of George Buzzini, accused of the shooting of David Schieck in Bennett Valley many weeks ago. Schieck was sitting at his desk when someone poked a shotgun through the window and fired a charge of shot into his face. He was confined in the Mary Jesse hospital for several weeks, and as the result of numerous skin grafting operations his face is practically free from the mutilations it was feared the wounds would leave.

Buzzini's examination has been postponed from time to time pending the condition of Schieck, whose wounds at first were thought to be fatal.

Buzzini, the son of a neighboring rancher is said to have been infatuated with Schieck's young wife and had been ordered off the ranch by the couple. Revenge and jealousy were declared to be the motive when Buzzini was placed under arrest. There is no evidence against him other than circumstantial. He has been out on bail.

Harry Knight of the General Chemical Company, Raymond Jones of the Associated Oil Company and Judge Ormsby of Martinez passed through Sonoma last Friday night enroute to Booneville for a week end hunting and fishing trip. Knight is a brother of Howard Knight of Schellville and stopped in Sonoma with his party of friends to greet a number of old acquaintances including ye editor.

Annie Acquistapace paid a fine of \$300 following a recent raid on her hotel by enforcement officers.

Federal agent Applestill returned to Sonoma Valley the past week and destroyed the cordials found at the Chauvet after which he proceeded to the Agua Caliente Depot Hotel and smashed up a quantity of rare old wine which on his previous visit he could not classify. BECOMES MEMBER OF NEW INTERNATIONAL SOCIETY

Mr. Chas. La Torres, who is connected with the Sonoma Valley Shoe Store, and who is personally known to many of our readers, has just become a member of the International Association of Practitioners, an organization incorporated and chartered under the laws of Illinois.

Mr. La Torres recently graduated from the American School of Podiatry, of Chicago, after having taken a thorough course in the anatomy of the human foot and leg, the disabilities and discomforts to which feet are subject and the most modern methods of relieving and correcting such defects by the use of scientific corrective appliances. He graduated with high honors and has resulted in his being invited to become a member of the Podiatric Association and in his acceptance of the invitation. He now wears a beautiful lapel button to indicate his membership and his Certificate of Membership may be seen displayed at the store.

This association is a very powerful one, consisting entirely of shoe men and women who have fitted themselves to give foot comfort to their patrons by a thorough course of education and training. The association is now running a series of full page advertisements in the principal magazines of national circulation for the purpose of acquainting the public with the services it may expect to obtain free from practitioners in the shoe stores that employ such foot experts. Their ads point out that there are already thousands of such stores and that their number is increasing daily.

The hundreds of people in this community who have had their feet examined and corrected by Mr. La Torres will be glad to hear of this new recognition he has obtained. "adv."

SONOMA, SONOMA COUNTY, CALIFORNIA, MAY 1, 1920

SOCIAL AFFAIRS

The Womans Club social meeting Friday of last week was largely attended and the clubhouse was a bower of beauty in its spring decoration of Bankshire roses. Miss Minnie Cook had charge of the program in which juveniles and Miss Emily Pope piano soloist, participated. Miss Cook also gave a humorous reading.

The childrens number were "My Bed is a Boat" by Maxine Hunter, Gladys Kresge, August Sebastiani, Preston Hotz and Billy Clewe. They also gave "The Little Maiden and The Bird". Temple Clewe vied with his older brother for honors as a speaker, his little offerings being heartily applauded.

The presence of county division boosters from Petaluma during the tea hour enlivened the meeting but the gentlemen did not find the clubwomen responsive to the new plan. GOOD REASONS FOR COUNTY DIVISION

County division would bring Sonoma Valley eight miles nearer to the county seat in Petaluma.

If not Petaluma County, San Antonio county then why not South or Southern Sonoma County as suggested by a prominent local Sonoma man.

County division at this time, with a promise of a raise in taxes would save the difference between \$3.10, the present rate and \$2.30 which is the exact difference that will be brought about by reduction of salaries, court houses and other expenses in the new county—eight dollars saved on every \$1000 assessed valuation.

The money, time and distances that will be saved through a smaller county, with the present taxable property in the southern valley of Sonoma county included in the Sonoma valley and Petaluma district, must be apparent to the man or woman who thinks. It is economically right.

If there is a man or woman in Sonoma valley who can show us that this movement for a new county is economically wrong, we will quit immediately.

As a prominent business man in Sonoma has said, "Of course, I will admit it is a good business proposition, but—". But what? If it is good business then why not have it. "Nuf Sed."

TONIGHT AMERICAN LEGION'S HARD TIMES DANCE

Jazz Band Melody and Old Fashioned Dance Tunes Will Please, Record Crowd Expected.

Oh! Boy, Let's Go! It's the American Legion's Hard Times Dance tonight, and judging from the amount of tickets sold, Union Hall will be thronged with gay dancers and spectators who are out for a good time, as it's to be the dance of the season.

Henry Weber, chairman of the committee, and his assistants, Ralph Ring, Neal Dodge, and Newton Dal Pogetto are leaving nothing undone to treat royally all those who attend. They have arranged many novel features which will entertain both dancers and spectators.

McCarthy's Jazz Band of San Francisco has been engaged to furnish the music, which is "Nuf Sed" when it comes to music, for it is the same orchestra which demonstrated its ability as a "Jazz Producer" at the recent St. Francis Church entertainment. The decorative schemes are to be unique and will be in keeping with the occasion while the refreshments will be of the Hard Times order, and will be served in regular '49 time fashion. A "fiddler" and "caller" have been engaged and will show the younger ragtime artists a thing or two about real etiquette, and the real fancy dancing of a generation ago. There will be good old fashioned quadrilles, reels, prize waltzes and other attractive features.

Those who enjoy the up-to-date steps and the old times too are promised a night of nights by the Legion boys.
